

Alliance Moulding produce bollards made of UV stabilised polyethylene, resistant to rust giving our products a long life span. Two styles of top are available, a chamfer or domed top. We also produce a 150mm diameter grooved version which allows you to have a different colour top and/or different colour recess.

The grooved version has a screw on top which is secured with a stainless steel screw in the side to prevent tampering or coming loose. Rivergum is the standard colour, special order colours also available.

| | Height | Diameter | Weight | Thickness | Code | Standard | Grooved |
|-----------------------|--------|----------|--------|-----------|--------------------|-----------|-----------|
| 150x1200 | 1200mm | 150mm | 3kg | 5mm | AM-BOL150-1200 | \$36.68ea | \$39.72ea |
| 150x3000 | 2900mm | 150mm | 8kg | 6mm | AM-BOL150-2930 | \$69.57ea | \$72.61ea |
| 140x1200 | 1200mm | 140mm | 2.6kg | 5mm | AM-BOL140-1200 | \$32.89ea | NA |

Gro-Panel

This new innovative design is a raised garden bed system where you design what shape and size to suite your needs. It is easy to assemble and can be used for a variety of needs, for example as a garden bed or as fencing or walls. The system is comprised of three units;

| Name | Height | Length | Width | Dry Weight | Code | Price |
|----------|--------|---------|-------|------------|-------------------|--------|
| 450 Long | 600 | 450 | 70 | 2kg | AM-GRO-450x600 | \$35ea |
| 900 Long | 600 | 900 | 70 | 4.5kg | AM-GRO-900x600 | \$65ea |
| Corner | 600 | 225x225 | 70 | 1.6kg | AM-GRO-CNR225X600 | \$30ea |

These three pieces allow you to create an endless amount of shapes and sizes, a few are shown below. You can assemble them in fit in a corner or around one, using only corners or only straights. Assembly is simple with the stainless steel pins provided in the package, being 600 high as standard.

Standard colours;

Other colours available on request.

**Mountain
Blue**

Rivergum

**Heritage
Red**

**Smooth
Cream**

All prices include GST and are subject to variation.

All products made by Alliance Moulding are made from UV stabilised polyethylene and meet all drinking water requirements. Being made of plastic ensures these products won't rust, giving them a longer life.
